Training Sheet

This course will take you on a guided tour of the reporting and data interrogating functions of ProVenueDatabox™.

We will start by interpreting some of the groups of reports that you may wish to run for purposes of End of Day reconciliation, Event Reporting and Marketing Reporting. The second half of the day will be an introduction to the much-underused bespoke reporting tool – Data Interrogator; We'll learn how to export information from this and produce colourful pie-charts and graphs in Microsoft Excel.

Who is it for?

Box Office and Marketing staff who want to learn more about the Reports module and are determined to get more out of the data that is inputted in to their ProVenueDatabox™ system.

Course Objectives:

- Identify important and useful reports;
- Look at groups of reports by use and function;
- Introduce Data Interrogator as a report-writing tool;
- Exporting data.

Location: Milton Keynes

Cost: £140 + VAT per delegate
